## Press Release

### DuoShare Certifies as NCOA<sup>Link</sup>™ Software Developer

**Dallas, Texas, August 25, 2005:** It was announced today that DuoShare, Inc. has been certified by the United States Postal Service® as an NCOA<sup>Link</sup> Software Developer, and its software has met the requirements to provide change-of-address information.

To improve mail deliverability, NCOA<sup>Link</sup> makes change-of-address information available via licensed software developed to access NCOA<sup>Link</sup> encrypted data. The Postal Service™ requires software licensees to pass rigorous testing to ensure that current move information is correctly matched and returned.

Vice President Stephen Buck believes the competition is beginning to take notice. "DuoShare proves once again that our software development methodology, corporate culture and talented individuals are second to none, allowing us to quickly develop, test, and put new products into production at a very rapid pace. Just look at all we have accomplished in our short history as a new company!"

DuoShare Address Quality Services are offered under industry first Value-Added Pricing<sup>SM</sup>, with no minimum charge, no contract, and no long-term commitment. For more information, call DuoShare or visit the website at <http://duoshare.com>.

**DuoShare, Inc.** is a privately held software services company based in Dallas, Texas, founded in 2001 to create specific business processes and services and deliver those via the Internet.

- The following trademarks are owned by the United States Postal Service: CASS Certified™, NCOA<sup>Link</sup>™, United States Postal Service®, USPS®.

**For Immediate Release: August 25, 2005**
